SPARE TIME SPORTS CLUBS · LADDER PROGRAM

Sample projected revenue

What a ladder brings in over a year at three levels of member use. Ladder fees are about a third of it. Most of the revenue comes from the mixers and tournaments the ladder fills.

ONE LADDER, PER YEAR

	MODEST	MIDDLE	HIGH
Ladder members	30	60	90
Social members	5	10	20
Players per monthly mixer	15	25	35
Entries per quarterly tournament	16	24	32
Ladder fees $10/month house charge, 11 billed months	$3,300	$6,600	$9,900
Social memberships $10/month, 11 billed months	$550	$1,100	$2,200
Monthly Ladder Mixers $20 per player, 12 a year	$3,600	$6,000	$8,400
Quarterly in-house tournaments $45 entry, 4 a year	$2,880	$4,320	$5,760
Total	**$10,330**	**$18,020**	**$26,260**

WHAT IT OPENS UP BEYOND THE LADDER

- **Socials and mixers fill faster.** Every ladder member sees each event in the app and signs up in two taps, so we start with a ready-made group of players.
- **Clinics and lessons.** Ladder results show which levels need a clinic, and players who play every week are the ones who book drill nights and private lessons. None of that is counted above.
- **Tournaments.** Quarterly events are seeded from the rankings, and top finishers can feed the annual Spare Time Championships.
- **Retention.** A weekly match and a monthly social give members a reason to keep their club membership, which is worth more than any line above.

Gross figures before mixer food and drink, tournament balls and prizes. Late joiners get their first month free, so fees are counted for 11 months. "STI Facility" assumes a tennis and a pickleball ladder at the same levels. "All Spare Time clubs" assumes a tennis ladder at each of the 7 locations plus pickleball at STI (8 ladders); adding pickleball at other clubs would add the "One ladder" amount for each. Every club reaching the same level is an assumption; actual results will vary by club.
