SPARE TIME SPORTS CLUBS · LADDER PROGRAM

Sample projected revenue

What a ladder brings in over a year at three levels of member use. Ladder fees are about a third of it. Most of the revenue comes from the mixers and tournaments the ladder fills.

ONE LADDER, PER YEAR

	MODEST	MIDDLE	HIGH

WHAT IT OPENS UP BEYOND THE LADDER

- **Socials and mixers fill faster:** every ladder member sees each event in the app and signs up in two taps.
- **Clinics and lessons:** weekly players book drill nights and private lessons. None of that is counted above.
- **Tournaments:** quarterly events are seeded from the rankings and can feed the Spare Time Championships.
- **Retention:** a weekly match and a monthly social give members a reason to keep their club membership.

Gross figures before mixer food and drink, tournament balls and prizes. Late joiners get their first month free, so fees are counted for 11 months. Each club is shown with one tennis ladder at the same level; STI has a tennis and a pickleball ladder. Adding a pickleball ladder at another club would add the "One ladder" total for that club. Actual results will vary by club.
